Featured Chamber Member of the Month - February 2018 **Bel Rock Asphalt Paving, Inc**

Started in 2000 as Seal Coating Specials, they found their niche in the area and in 2005 they incorporated to Bel Rock Asphalt Paving, Inc. They are a full-service asphalt maintenance company located in Belvidere, but service areas such as Marengo and Union and Northern Illinois.

Currently Bel Rock employs 25 people and although their busy season tends to be when the weather here in Northern Illinois is mild and the snow is gone, snow removal services keeps them busy during our winter months.

Sun, wind, rain and Midwestern freeze/thaw cycles all conspire to break down your asphalt pavement, but professional sealcoating using professional-quality sealer can protect your pavement like paint protects your house. Properly timed crack repair and professional sealcoating extends the life of your pavement investment, and should be sealed every 2-3 years to help extend the life of the investment you have made.

A freshly paved or seal coated drive increases the value of your property and enhances curb appeal.

Sealcoating commercial and residential properties since 2000, Bel Rock's three highly-trained sealcoating crews use Gem Seal sealcoating material – the toughest sealer on the market. When Bel Rock's crews seal your pavement they do it right, they follow industry guidelines – and they guarantee the work.

Neatness counts when sealcoating residential driveways and commercial parking lots, so Bel Rock crews take great care on your property, carefully edging along gardens, lawns, patios, sidewalks and concrete curbs.

Bel Rock Asphalt Paving is your "one source" for your paving and maintenance needs. Start to finish, new or re-paving, they can handle all your needs and make it last better than their competition. Our services include: asphalt paving, sealcoating, crack sealing, striping, pothole repair and concrete paving. They provide quality, professional and reliable workmanship.
