Prairie Community Bank

(Due to privacy with job shadowing this article was written by Prairie Community Bank)

20 years is certainly an achievement. It not only represents a milestone as a business but as a milestone in the community. Prairie Community Bank is focused on, and is driven by, community involvement. Our employees are our neighbors, friends, and community members.

Prairie started as an idea from a few bankers in a small town with an idea of a bank built from the community that serves the community. With only five employees and one teller window it has been a journey to grow through these years. Prairie now stands tall with two full retail banking centers, one in Marengo, and one in Union, and a Lending Services office in Elgin.

While the life of Prairie certainly has changed from the days of banking in an old roller rink in Marengo, we still hold the values of community at the heart of everything we do. We seek to serve the needs of the community and the needs of our customers. Whether you're looking for a checking account, putting money away for retirement, or just saving up to go on vacation, we have an account for you. Prairie offers several options for a business checking account to meet the needs of your business. And now that Prairie is part of the Allpoint ATM network, customers with a Prairie debit card have access to over 55,000 ATM's across the globe with no surcharge fee!

Each thirty one employees of Prairie Community Bank are incredibly grateful for the community we serve. We cannot celebrate 20 years without thanking the customers and community that brought us this far. Thank you for making us the successful bank we are today.

Congratulations to *Prairie Community Bank for being the June 2018 Chamber Member of the Month.* They have two convenient locations to serve you at 800 W. Grant Hwy., Marengo or 18001 Jefferson St., Union.
