## Featured Chamber Member Of the Month: Huntley Hills Airport Transportation

When Michael Caserno comes up with an idea, he puts it into action. He does it the best way he knows how. With the client in mind. "The area we live in is thriving," Michael says. "More and more people are going west to live and for some that requires finding a dependable service to get to the airport in areas that are vastly underserved in that regard." Michael developed Huntley Hills Airport Transportation in 2018 with the hopes of giving the residents of Huntley, Lake in the Hills, and Algonquin personalized airport service. As a 20 year veteran in the transportation field, Michael says he knows the fundamentals of running a successful company. He knows how to get to the airport the quickest and safest way, and makes pickup at the airport stress free and a breeze.

There were some taxi and limo companies in the area, but they had their challenges "What I have found from my clients is many of the limo companies that exist want to double up customers and charge a single rider price, whereas if someone wanted private service, they would pay a premium for that. I also have heard many people say the taxi companies book up too quickly and if they don't live in a specific area, they would pay a surcharge for the company to get them." Word quickly spread about Huntley Hills, and the need to expand services to other areas such as Pingree Grove, Hampshire, and the Marengo-Union area became evident.

"To me, it was an easy decision to service Marengo." Michael says. "The Route 23 interchange and the fact that all back roads from Huntley lead to Union led to my decision to include Marengo and Union into the service area."

Huntley Hills has newer model vehicles ranging from sedans to minivans. The vehicles are kept clean and safe, which has become of paramount importance in our health crisis. Customers will be taken directly to airport and back home without additional stops. Airport transportation to or from Marengo starts at \$70, one way. It's not only the affordable price that makes customers happy and provides repeat business, it's also 24-hour service with no surcharges, personalized attention and flexibility to customers needs.

Whether its business travel, or that big family vacation, they can get you there and they are reliable with a five star rating on Yelp. Even as we are in a pandemic, Michael states that business just doesn't stop, but it does adapt to the times.

"We do require customers to wear masks in the car and ask they don't use us if they feel the slightest sickness. Cars are disinfected and cleaned in between trips so not only do I raise the bar on myself constantly with customer service, I also take the health and safety of any client very seriously."

Huntley Hills is available 24 hours a day, seven days a week for service to O'Hare, Midway, Rockford and even Mitchell Field in Milwaukee. For rates and other requests, you may call 815-219-7575 or place orders and even chat on-line at the website [www.huntleyhillstrans.com](http://www.huntleyhillstrans.com)

**Congratulations to Huntley Hills Airport Transportation  
for being the November 2020 Chamber Member of the Month.**
